Saratoga Bridges has been providing the highest level of programs to people with developmental disabilities and their families for more than 55 years by promoting their abilities and achievements in every aspect of community life. As one of the largest private non-profit organizations in Saratoga County, we have been committed to ensuring that the individuals we serve are able to realize their goals, hopes and dreams as they work, shop, play, and volunteer while leading full, productive and contributing lives. We fervently believe that the care we give increases immeasurably the quality of life for every citizen. Our philosophy is that every day is full of possibilities!
