

Saratoga Bridges Memorial Garden

The LA Groups' generous Stewardship, as it pertains to our Memorial Garden, was featured in the January 2018 edition of Landscape Architect & Specifier News!

They described it as follows:

“The new memorial garden at Saratoga Bridges in Malta, New York, has distinct handicap accessible pathways that cross through a series of pergolas and archways, leading to a central gathering area around a flagpole. The garden circle is encompassed by a sitting wall that serves as both an area for contemplation as well as an area for small gatherings.”

A long-term dream of ours has been realized as the Memorial Garden is a living tribute that beautifully celebrates the memories of our individuals, family members, board members and employees while recognizing businesses and other people who have demonstrated their ongoing support and dedication to us. Also, it continues to showcase our commitment of promoting healthier lifestyles in a peaceful, tranquil setting. Already, we have observed new programmatic initiatives designed to enhance skills, provide an outdoor learning environment and experience nature.

Would you like to honor someone you love or create your own legacy?

You have an opportunity to acknowledge their contributions or just to offer a quote.

On the reverse side of this flyer, your options to participate are delineated.
